Further minutes, correspondence, subject files, transcripts of recordings of spiritual messages, copies of publications and general files relating to the Findhorn Foundation, 1960-2005.

The Findhorn Foundation is a non-denominational charitable trust founded in 1962 in a disused corner of Findhorn Bay Caravan Park by Peter and Eileen Caddy and Dorothy MacLean, who worked with the principles of co-operation between people and harmony with nature. Since then, the Foundation has grown into a sizeable spiritual community and over the years thousands of visitors have travelled to Findhorn from all over the world. To facilitate their stay, accommodation has been provided and educational programmes set up, and today the Foundation acts primarily as an educational centre offering an opportunity for people to visit, live and work in the community.

For other Findhorn Foundation records see Acc.9934, Acc.10381, and Acc.10560. See Acc. 12042 for papers of Peter and Eileen Caddy.
