Paper tapes, 35mm slides, computer-generated prints and papers, c.1960-1986, of the Rev Andrew Queen Morton FRSE (b.1919), relating to his work, with Professor G H C MacGregor and others, on computer-aided analysis of Biblical and other texts.

1. Two computer-generated paper tapes of New Testament epistles with some accompanying Greek text.
2. Six 35mm colour slides showing equipment and samples from the text analysis programme: with list by Mr Morton.
3. 'Are Things Just As They Used To Be', notes on Mr Morton's and Professor MacGregor's work prepared by the former for a New Testament Seminar in North America.
4. KWIC Index (first lines) to the poetry of Robert Burns: computer generated print-outs, 1986.
